

# Vulcan Eliminator

2003 Sales Guide

**MODEL NAME:** Vulcan Eliminator

**MODEL CODE:** VN250-A5

## KEY FEATURES

- ▶ Best 250cc cruiser on the market
- ▶ Long, low appearance of a much larger bike. No one would ever believe you if you told them you were riding a 250!
- ▶ Smooth, predictable power delivery. Good acceleration.
- ▶ Lightweight, easy to handle.
- ▶ Comfortable ride.

Colour: Pearl Mystic Black

Let the good times roll.

## FEATURES AND ADVANTAGES:

### Engine

- ▶ Specially tuned for low-end and mid-range torque, with high compression for smooth low and mid range power.
- ▶ Power and performance is further enhanced by the Eliminator's straight-flow, 2-into-1 exhaust system.
- ▶ A gear driven, counter rotating balancer in the crankcase minimises engine vibration and maximise the rider comfort.
- ▶ Twin constant velocity Keihin carburetors assure sharp throttle response and great fuel economy.
- ▶ The six-speed gearbox is easy shifting and allows the rider to use the engine's power to full advantage, This optimises the Eliminator's acceleration in all conditions and yet enables smooth, easy highway cruising.

### Frame & Swingarm

- ▶ The Eliminator oozes presence, its long wheelbase, stiff high tensile steel frame and swingarm combine to make cruising, commuting or touring comfortable and enjoyable.

### Suspension

- ▶ Raked out 41mm front forks are supple and well damped for maximum rider comfort and security.
- ▶ Twin adjustable rear shocks allow passengers to be carried with ease.

### Brakes

- ▶ Powerful front disc brake with a twin piston caliper and a smooth operating drum up back allow the rider to stop the Eliminator straight and true each time, every time.

### Wheels & Tyres

- ▶ Unusually wide 160/80-15 section rear tyre.
- ▶ Polished cast alloy spoked wheels.
- ▶ Long-lasting 17-inch front tyre. These elements combine to make the Eliminator comfortable over the bumps, stable in the corners and secure feeling in the wet.

### Other practical features

- ▶ The megaphone style exhaust, dragger style bars and a chromed engine all add to the Eliminator's character give the Eliminator a sportier appearance than most cruisers.
- ▶ The Eliminator weighs in at just 167kg. This, along with the 33° steering rake angle makes the Eliminator highly manoeuvrable and easy to ride for novice riders.
- ▶ Rider comfort is improved through the wide, well-padded, stepped design double seat, the comfortable reach to the bars and the forward positioned footpegs and controls.
- ▶ Excellent fuel consumption and a big 14-litre tank make long trips an everyday ride on the Eliminator.

## SPECIFICATIONS:

Engine type .....	4-stroke, V-Twin
Displacement:.....	249cc
Bore & Stroke:.....	62.0 x 41.4mm
Compression Ratio:.....	12.0:1
Cooling:.....	Liquid
